1) PREFACE

Strong internal controls for cash collection are necessary to prevent mishandling of funds and are designed to safeguard and protect employees from inappropriately mishandling funds by defining their responsibilities in the cash handling process. The Utah State University Division of Student Affairs cash handling procedure requires that areas receiving cash submit to the Business Services Office for Student Affairs a request to be approved by the Vice President for Student Affairs and the Utah State University Controller to be designated as cash collection points. A cash collection point is defined as a department or other entity that handles cash on a regular basis. Although departments and other entities with casual cash collections are not recognized as cash collection points, they must follow the same cash handling policies and procedures that apply to the cash collection points.

"Cash" is defined as coin, currency, checks, and credit card transactions.

Required procedures for cash collection points include the following:

a) Accounting for cash as it received;
b) Adequate separation of duties which includes cash collecting, depositing and reconciling;
c) Proper pre-numbered receipts given for any cash received;
d) Approval of any voided cash receipts by area supervisor;
e) Deposit of cash promptly at the Utah State University Cashier's office into an authorized index;
f) Reconciliation of validated deposit forms to supporting documentation and to the index statement;
g) Change in cash handling procedures are to be submitted by the Business Affairs Office for Student Affairs for approval by the Vice President for Student Affairs and the Utah State University Controller;
h) Proper safeguarding of cash.

The use of non-USU bank accounts by the Division of Student Affairs personnel for depositing University cash is prohibited unless approved by the Controller’s office. The Business Affairs Office for Student Affairs will conduct periodic reviews of cash handling procedures. Departments not complying with approved procedures may lose the privilege to serve as a cash collection point.

Who Should Know About This Procedure?

Any official or administrator with responsibilities for managing University cash receipts and those employees who are entrusted with the receipt, deposit and reconciliation of cash for University related activities.

   b) A list of those positions involved with the cash collection point, a description of their duties and how segregation of duties will be maintained;
   c) Whether there is a need for a change advance;
   d) A description of the reconciliation process, including frequency of reconciliation;
   e) A description of the process for safeguarding cash until it is deposited;
   f) A schedule of how often cash deposits will be made.

The request will be reviewed, and if appropriate, submitted for approval by the Financial Officer for Student Affairs to the Vice President for Student Affairs and the University Controller.

Procedures for Cash Collection Points

The following list of procedures is required for the operation of cash collection points:

   a) All cash received must be recorded through a cash register when one is available, or the customer must be presented a pre-numbered receipt form with a duplicate record being retained by the receiving department. All numbered receipts must be accounted for, including voided receipts.
b) The funds received must be reconciled to the cash register ("Z" tapes) or to the pre-numbered receipts at the end of the day. Cash must be reconciled separately from checks/credit cards by comparing actual cash received to the cash total from the cash register tape or to the sum of the cash sales from the manual receipts.

c) All checks, cash and credit card receipts must be protected by using a cash register, safe or other secure place until they are deposited. A secure area for processing and safeguarding funds received is to be provided and restricted to authorized personnel.

d) Checks must be made payable to Utah State University and must be endorsed promptly with a restrictive endorsement stamp payable to Utah State University.

e) Checks or credit card transactions will not be cashed or written for more than the amount of purchase.

f) Collections must be deposited to the Cashier's office within 48 hours.

g) All funds must be deposited intact, and not intermingled or substituted with other funds.

h) Refunds or expenditures must be paid through the appropriate budget with a University generated check.

i) The Cashier's office will issue a receipt of deposit to be used for reconciliation of the supporting documentation to the deposit and to the monthly statements of account.
